**RE: Letter of Support for Community Initiatives Program grant**

---

On behalf of Beaumont City Council, I am pleased to extend our support for the Alberta Bilingual Municipalities Association's application for a Community Initiatives Program grant for the Building Bridges project.

As a member of the ABMA, Beaumont recognizes the important role that bilingualism plays in fostering economic growth and strengthening community connections. The Building Bridges project, which aims to create a comprehensive website to highlight Alberta's bilingual municipalities, will serve as a valuable resource in promoting our region to both tourists and businesses. By incorporating community storytelling and showcasing bilingual signage, this project will also help highlight Beaumont's French heritage while providing a unique opportunity for economic development.

We believe this initiative will enhance collaboration among Alberta's bilingual communities and elevate the visibility of the vital contributions made by our residents and municipalities.

We are pleased to support the ABMA's grant application and look forward to seeing the Building Bridges project come to fruition.

Sincerely,  
Mayor Daneluik  
Mayor of Beaumont  
On behalf of Beaumont City Council
