Original Due Date: March 26, 2024

Revised Due Date: June 30, 2024

Revised Due Date: September 10, 2024

Revised Due Date: October 22, 2024

**Council and Committee History**

February 27, 2024

THAT Administration continue to negotiate with regional partners regarding cost-sharing opportunities regarding Option 3, set out in the Sub-Regional Transit Report, and report back to Council by end of the first quarter of 2024; and  
THAT by the end of the first quarter of 2024, Administration provide a report on options for adding additional stops to the current transit service (e.g., stops in the south side of Beaumont).

Original Due Date: March 26, 2024

Revised Due Date: September 10, 2024

November 30, 2023

That Administration continue to negotiate with regional partners regarding cost-sharing opportunities regarding Option 3, set out in the Sub-Regional Transit Report, and report back to Council by the end of the first quarter of 2024; and

That the November 28, 2023, report, Sub-regional Transit Presentation, be made public and included as part of the 2023 Council Budget agenda package, subject to any mandatory redactions required under the Freedom and Protection of Privacy Act.

**Rationale**

Administration is seeking a report extension for the section of the Council motion related to possible terms of service for Option 3 with Leduc Transit. Administration is awaiting further information regarding possible revenue sharing, ARC integration, and fleet management. Overall, the initial

information received with respect to cost-sharing is favorable. The requested information will be available in advance for Council's consideration as part of the 2025 budget deliberations.
