**RE: Letter of Support for New School Playground**

---

On behalf of Beaumont City Council, I am pleased to extend our support École Horizon Heights School for grant applications for building a new school playground.

The City of Beaumont recognizes the important role that school playgrounds play in our community. Playgrounds foster community growth and strengthen community connections. We believe this initiative will enhance the community for all families and students for years to come.

We are pleased to support École Horizon Heights School grant application and look forward to seeing the new school playground project come to fruition.

Sincerely,

Mayor Daneluik  
Mayor of Beaumont  
On behalf of Beaumont City Council
